Anushka Kesarkar

Mumbai, India | +91 72087 82952 | akesarkar2009@gmail.com

PROFESSIONAL SUMMARY

Computer Engineering diploma student at Government Polytechnic Mumbai seeking a technology internship in software development, AI and cloud. Strong in Python, SQL and problem-solving, with hands-on experience building full-stack and AI-powered applications. Fast learner who meets deadlines and contributes well in team settings.

EDUCATION

Diploma in Computer Engineering, Government Polytechnic Mumbai — 2024 – 2027

Class X (SSC), Sanmitra Mandal Vidya Mandir — 2024 | 77.40%

TECHNICAL SKILLS

Programming	Python, C, C++, Dart, Java, SQL
Web / App Development	Flutter, HTML, CSS, JavaScript
Backend & APIs	Flask, Socket.IO, REST APIs
AI / ML	TensorFlow/Keras, OpenCV, NLP, model training, image classification
Database & Tools	SQLite, MongoDB, MySQL, GitHub, VS Code

PROJECTS

E-Krushi – AI-Based Plant Disease Detection

ESP32-CAM, Flutter, Python, Flask, TensorFlow, Arduino IDE, REST API

- Built a portable AI device that detects plant diseases from leaf images and monitors temperature, humidity and soil moisture in real time; firmware in Arduino IDE.
- Developed a Flutter Android app and a Flask REST API connected to a TensorFlow disease detection model.

EmergencyTrafficAI – AI-Based Emergency Vehicle Traffic Priority System

Python, Flask, YOLO, OpenCV, HTML, CSS, JavaScript

- Developed an AI-based system to detect ambulances and fire brigade vehicles from a live camera feed.
- Used a custom-trained YOLO model for emergency vehicle detection.
- Implemented a simulated four-way traffic signal priority system.
- Designed a dashboard to display camera monitoring, emergency alerts and traffic signal status.
- Added an audio alert when an emergency vehicle is detected.

SmartDocAI – AI-Powered Document Assistant

Python, Flask, FAISS, Ollama, Sentence Transformers

- Implemented PDF upload, text extraction and document chunking.
- Used vector embeddings and FAISS for semantic document search.
- Integrated a locally running language model using Ollama.
- Enabled users to ask questions and receive answers based on uploaded documents.

CERTIFICATIONS

- **Introduction to Artificial Intelligence (MDL-211)** – IBM SkillsBuild, 2025
- **Infosys Springboard (2025):** Programming Using C++, Database Management System, Presentation Skills

ACHIEVEMENTS & ACTIVITIES

- **Runner-up, Kho-Kho Competition 2026** – IEDSSA Zonal Sports Meet (Mumbai Zone-2); Certificate of Merit.
- Active in sports and drawing; quick learner of new technologies.

ADDITIONAL INFORMATION

Soft Skills: Problem Solving • Teamwork • Communication • Leadership • Time Management

Availability: Full-time internship | **Languages:** English • Hindi • Marathi
